

Southern Illinois Resource Guide

When Life Gives You Lemons

The Southern Illinois Resource Guide is a collaborative effort between several local organizations, including the Regional Office of Education #21, Community Prevention Resources, the Southern Illinois Continuum of Care, and the McKinney-Vento Homeless Program (Area 6) to help people find the local resources they need. For your convenience, we have also added The Southern Illinois Resource Guide to our website, with a search feature.

We're thrilled to see this resource rapidly expand with the active involvement of our partners! Together, we can ensure that this resource remains comprehensive and up-to-date for our community. If you know someone that can benefit from the resource guide or you know of services that should be included, please spread the word about how they can get the access they need.

To access The Southern Illinois Resource Guide or the resource submission form online, go to whoiscpr.com or scan the applicable QR code below.

Thank You to Our Partners

The Regional Office of Education 21 is proud to partner with the McKinney-Vento Homeless Program (Area 6), Community Prevention Resources, and the Southern Illinois Continuum of Care.

The McKinney-Vento Homeless Education Assistance Act

The McKinney-Vento Homeless Education Assistance Act ensures the educational rights and protections of homeless children and youth so that they may enroll in school, attend regularly, and be successful. This act guarantees McKinney-Vento eligible children and youth the following:

- The right to immediate enrollment in school, even if lacking paperwork normally required for enrollment.
- The right to attend school in his/her school of origin (if this is requested by the parent and is reasonable) or in the school in the attendance area where the family or youth is currently residing
- The right to receive transportation to his/her school of origin, if this is requested by the parent or unaccompanied youth.
- The right to services comparable to those received by housed schoolmates, including transportation and supplemental educational services.
- The right to attend school along with children not experiencing homelessness.

This ISBE program is funded in whole or in part by the U.S. Dept of Ed under the McKinney-Vento Education for Homeless Children and Youth Program.

For more information email homeless@roe21.org

Community Prevention Resources

Community Prevention Resources (CPR) is a substance use prevention program working through the Regional Office of Education #21 to deliver innovative prevention services in Franklin and Saline counties. The CPR team focuses on changing perceptions and developing skills and norms that support healthy substance-free environments within schools and communities.

Funded in whole or in part by the Illinois Department of Human Services, Division of Substance Use Prevention and Recovery through a grant from the Substance Abuse and Mental Health Services Administration.

Southern Illinois Continuum of Care

The Southern Illinois Continuum of Care Network (CoC) is a collection of nonprofit agencies, mental health advocates, educators, substance abuse counselors, case managers and volunteers who work together to coordinate services to assist individuals and families experiencing a housing crisis. A regional planning body, the CoC is responsible for strategically distributing housing and services funding throughout its 27 county geographic region.
